

ELECTRICITY

We have an exciting new project for you! ✨
Your task is to create a poster about electricity at home! ⚡

You are kindly requested to pick ONE of the following topics from section A “Electricity” to do :

- Topic 1: Show ways in which we use electricity.
Topic 2: Illustrate how we can use electricity safely.

You will create a poster using A4-sized cardboard (any colour). You can either draw or paste pictures to make your poster.

What to Include in Your Poster:

- Draw or cut out pictures .
- Short paragraph on your poster explaining the concept
- Your name.

Project Evaluation and Grading Criteria:
The project will be evaluated according to the following criteria so you can take it into consideration:

Criteria	Points	Description
Creativity	1	The poster is presented in an interesting way.
Scientific Accuracy and understanding	1	The poster correctly explains the concept.
Neatness & Effort	1	The poster is well-organized and shows good effort.
Written Explanation	1	The paragraph clearly explains the topic in simple words
Submission	1	The poster is submitted on time
Total Points	5	

Make sure to finish your poster by 26/4/2025 or earlier and bring it to class to share with your classmates!

We are excited to see all the creative posters!
