

**Title:** Global Perspective Project - Jobs - Part 2

**Dear Parents,**

In Part 2 of the project, students will have the opportunity to **strengthen their communication skills**. Each student will **present their group's assigned job to the class in one minute**, answering all the questions they worked on in Part 1. Additionally, students will **share what job they would like to have in the future and explain why**.

This activity encourages students to **speak confidently, organise their thoughts, and share ideas clearly**, while reflecting on their own dreams.

Thank you for supporting your child in preparing for this engaging and meaningful learning experience.

**Kind regards,**

**Grade One Team**
