- ***IT Practical Exams: Computer Labs – Secondary Dept.***

- ***School uniform is a must to enter the examination venue. Loose & long hair is not allowed and will be considered a cheating attempt.***
- ***Students must have all stationery needed, including a calculator that works properly and meets the Examination boards' restrictions, as the school will not be providing any. For written exams, only black or dark blue ballpoint pens are allowed plus soft dark pencils for multiple choice answer sheets, graphs or diagrams.***

Good luck
