

Student's Book p. 197

## Let's Learn

- a Theo has 5 craft sticks. 2 of the craft sticks are yellow.

$\frac{2}{5}$  of the craft sticks are yellow.

3 of the craft sticks are red.

$\frac{3}{5}$  of the craft sticks are red.

**b** Ron has a box of paper clips.

He takes out  $\frac{1}{3}$  of the paper clips from the box.

How many paper clips are left in the box?

$\frac{2}{3}$  of the paper clips are left in the box.

$\frac{1}{3}$  is 3 paperclips

From the picture, we see that

there are 6 paper clips left in the box.

$$3 + 3 + 3 = 9 \text{ paper clips altogether}$$

$$3 + 3 = 6 \text{ paper clips left}$$

## Student's Book p. 198

$$12 \div 4 = 3$$

Can you make a whole set using objects in your classroom? Tell your partner the fractions you can make from the set.

$$\frac{1}{4} + \frac{1}{4} + \frac{1}{4} + \frac{1}{4} = \frac{4}{4}$$
