

Write the end of the modernized version of Goldilocks and the Three Bears on the Creative Writing Copybook.

Goldie, a curious girl who loved scooting around the neighborhood, heard a phone ringing loudly. She wanted to know what was going on so she went to check it out. Inside, she smelt yummy cooked porridge in the kitchen where she found three bowls of porridge.

Goldie tasted each one and said, "This one is too hot, this one is too cold but this one is just right!" After eating, she found three recliners in the living room. Trying each one, she decided to sit on the small one.

While she was relaxing in her favorite recliner and watching her favorite show on T.V., the Bear family parked their fancy car in the garage. Goldie got startled by the noise and quickly saw them coming. Luckily, her scooter was nearby so she rode away before they could catch her.
