

P.187

## Look Back

How many halves make 1 whole? **2**

How many halves make 2 wholes? **4**

Explain to a partner.

**2 halves make 1 circle**

**4 halves make 2 circles.**

P.187

## Thinking Cap

How many quarters make 1 whole?  
Why do you say so?  
Use fraction circles to help you.

There are 4 quarters in 1 whole.

Drag and drop to make 1 whole circle.

P.188

## Let's Learn

You can combine fractions together to make new fractions.

To combine fractions, you put the equal parts together.

a

Two halves make one whole.

Three halves make one and a half.

P.188

b

one quarter

one quarter

one half

One quarter and one quarter make one half.

P.188

c

two quarters  
or  
one half

one quarter

three quarters

One half and one quarter make three quarters.

How many quarters  
make 2 wholes?

8 quarters make 2 wholes

P.189

## Let's Practise

I Some cake rolls are split into parts.

Complete the statements based on the diagrams.

two quarters and one quarter make three quarters.

What other ways can you make three quarters?

one half and one quarter

P.189

2 There are 10 children.

Each child gets  $\frac{1}{4}$  of a pizza.

How many halves are there? **There are 5 halves.**

Explain to a partner by drawing a diagram.

## P.189

3 Tuna pies are cut into quarters and fruit pies are cut into halves.

Ravi takes 8 slices of tuna pies.

Jon takes 3 slices of fruit pies.

Who has more?

Explain why.

8 quarters = 2 wholes

3 halves = one and a half

2 wholes is more than one  
and a half
