2.

Mindy says half of these sweets are 6. Is she correct? Why?

No, because half 16 is 8 not 6.

p.36

3. There are 6 boys and girls in a class.
Half of the boys and half of the girls wear a watch.
There are more girls than boys.
How many girls wear a watch?

p.37

2 girls

4. Find half of these numbers and fill in the blanks in the box.
