

Student's Book p.91

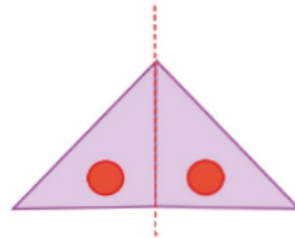

Look Back

Ralph has a triangular piece of paper with a red dot on it.

He puts a mirror vertically on the paper as shown.

What will Ralph see in the mirror?

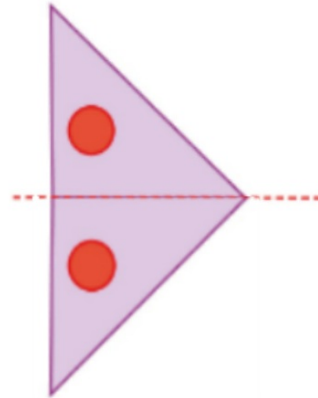

Sketch what he sees and show your partner.

Student's Book p.91

Thinking Cap

If Ralph puts the mirror horizontally on the paper, what will he see in the mirror?

The reflection will look like the figure but the top vertex of the triangle will point downwards.
