# Our Goals for the Year

- Strengthen understanding of key mathematical concepts.
- Enhance problem-solving and logical reasoning skills.
- Apply mathematics to real-life situations.
- Prepare students for assessments:
  - Grade 6: Cambridge Checkpoint Exam (**Monday, May 18,2026**)
  - Grade 8: Achievement Test (**Wednesday, May 20,2026**)
- A strong partnership between school, student, and home is essential for success.

# How We Cover the Material

- Sequential Learning: Topics will be discussed in order.
  
- Daily Homework:
  - Assigned from the main book or activity book (workbook).
  
- Parental Support Requested:
  - Please encourage your child to complete all assignments.
  - This helps us promptly identify and address any weakness points.

# Our Worksheet Strategy

➤ Three types of worksheets will be used:

☐ Study Sheets

Aim: Summarize tips, vocab, and steps for each unit.

Location: Uploaded to the LMS.

☐ Class Worksheets

Aim: Review unit concepts.

Location: Uploaded to LMS with answer keys.

Use: Solved at home and discuss some questions in class.

☐ Home Worksheets

Aim: Reinforce material and address weaknesses.

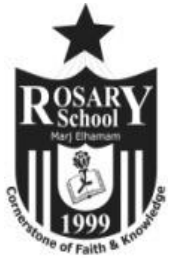

Location: Uploaded to the LMS with answers.

Support: Students can review with teachers during breaks.

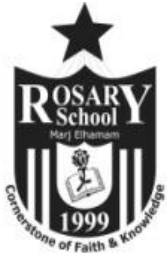

# Exam Preparation (Grades 6 & 8)

- Focused Practice: Past paper questions will be solved regularly.
- Aligned with Curriculum: Questions will be selected based on material already covered in class.
- This ensures students are familiar with the exam format and question styles.

# Assessment Process

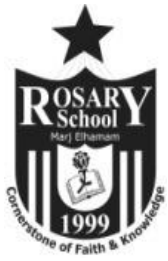

- Short Quizzes: Count toward the 1st and 3rd assessment marks.
- Math Project: One required activity per semester, counted toward the 3rd mark.
- Examinations:
  - Midterm Exam
  - Final Exam

# The Vital Role of Parents

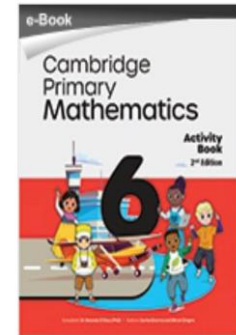

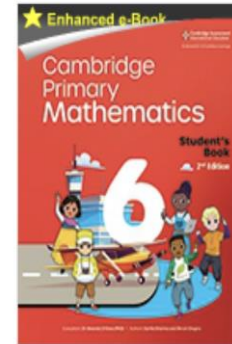

- Monitor all homework and worksheets.
- Encourage children to complete assignments on time.
- Inform teachers of any weak points promptly.
- Remember: Learning is a partnership between the school, the student, and the parents.
