

Dear Parents,

We would like to inform you that a **Practice Worksheets** will be uploaded to the LMS platform. These worksheets are designed as a valuable resource to support your child's learning at home and to help improve their academic achievement.

Each unit folder will be updated regularly, and we kindly request that you check it frequently to ensure your child benefits from these materials. For your convenience, an **answer key** will also be provided for each worksheet to assist with practice and self-assessment.

We appreciate your continuous support and cooperation in enhancing your child's learning journey.

**Wish you all a successful school year.**

**Rita Ziadat**

**Math Coordinator**
