# Show and Tell Numbers

**What You Will Learn:**
- Tell a number of objects in groups up to 10.
- Show a number of objects in different ways.
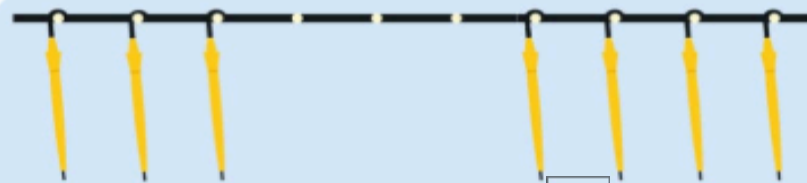

## Look Back

Ralph rolls three dice.

Without counting, how many dots are there on each dice?

| 3 | 5 | 6 |
|---|---|---|

## Thinking Cap

How many umbrellas are there? | 7 |
How do you know?
Show the umbrellas in different ways.

*By counting/Just looking at them*
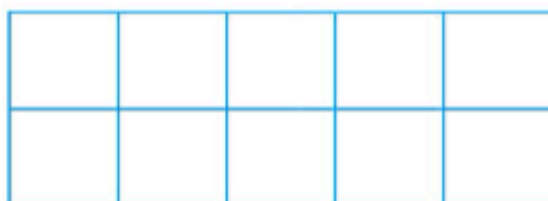

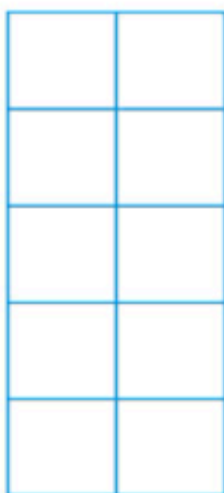

# Let's Learn

There are some ladybirds on a leaf.

The ladybirds can also be shown in the following ways:

Think of two other ways to show the ladybirds.
Use the stickers on page 247.

Answers vary.

SB2/C01/C/Let's Learn

How does your partner do it?

## Let's Practise
