

My holiday at the Beach

Last summer, my family and I went on a trip to the beach to enjoy the warm weather and spend quality time together. We were so excited and talked happily about our plans for the day.

First, we woke up early in the morning, packed our beach bags and got into our shiny red car. We sang songs and laughed together during the ride.

Next, when we arrived, the beach looked amazing! The sky was bright blue and the waves were soft and calm. My brother and I grabbed our beach toys and played in the warm sand. We built a humongous sandcastle. It looked so cool!

After building our castle, we felt hot and hungry so we decided to have an ice-cream. We found a

nearby ice cream stand and bought two scoops each. We gobbled them in a second. It was cold, sweet and super delicious!

Finally, when the sun started to go down, we packed our things and watched the amazing sunset. We took some photos for memories and drove back home.

My brother and I felt delighted. We thanked our parents for the fun and unforgettable trip. It was one of the best holidays of my summer!
